CablePort Office^{desk}

No matter whether in the office or home office, convenient connections on the desk make everyday work easier. The CablePort Office desk can be configured individually and is easy to install.

> Elegant design

The well designed table connection panel fits every ambience and puts an end to the cable clutter on the desk.

> Modular connection solution

Three different housing sizes (3, 4, or 6 ports) are available, which can be individually equipped with sockets, USB chargers or other interfaces.

> Simply with a click

Customization is super easy thanks to the wide range of **Konnnect flex 45 click plates**. With just one click, the required interfaces, such as HDMI, network or USB, are installed in the CablePort Office^{desk}.

> Easy installation

The CablePort Office^{desk} can be easily and flexibly attached to table tops in thicknesses of 21-40 mm.

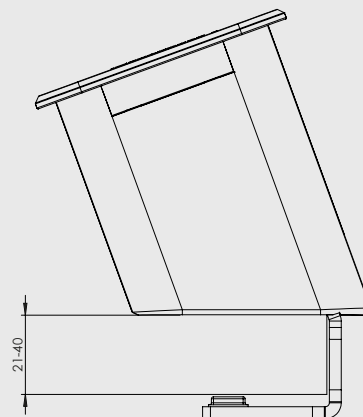

> Excellent price/performance ratio

The robust and durable table connection panel, Made in Germany, is characterized by a remarkable value for money. The first choice also for companies that implement desk sharing concepts and want to equip a large number of desks.
